Presidents Message

I can't tell you when I have experienced a more unusual October. In 25 years of flying in Southern California with most of in the Los Angeles Basin, I have come expect an occasional Santa Ana interspersed with weeks of 100+ miles of visibility and excellent flying weather. It just goes to show that I am still a student of the weather.

We had a combination of October, November and December weather these last few weeks with low clouds and fog, some rain and a Santa Ana condition coupled with the Santiago fire that cancelled one of most important Young Eagles / Boy Scouts of America events. It was a difficult decision to cancel flying 80 scouts, but it was the right decision and we have a new date of December 8, 2007.

We did quite well during the annual Aircraft Spruce and Specialty raffle and hot dog sale. The proceeds from that fundraiser go into our Young Eagle account. We look forward to putting those fund raising funds to good use to the benefit of the aviation and the education of our promising and rising stars.

November is starting out with it own version of unusual weather. The fog is rolling in very early, but the long-range forecast is for sun at Flabob Veterans Day. This is our last official fund raiser for 2007.

Other business for November includes our annual elections, which will take place at our general meeting on Wednesday the 8th. This will be our last meeting at Mimi's Café in Irvine, as we have a new venue location with more capacity a few miles further south. We'll give an update at the general meeting.

Lastly, put December 1st on your planning calendar - our Annual Christmas Party at the Racquet Club in Mission Viejo. Stay tuned for more information at the general meeting.

I look forward to seeing you at our November and December events.

Keep 'em flying!

Ray Hecker. President and Flight Advisor
